# SUPERINTENDENT

## A District on the Move

**Dr. Joanne Culverhouse**  
*Superintendent*

In the past three years, we have successfully Reconfigured, Redesigned, and Revitalized the La Habra City School District. We have found that our students and families have benefited by selecting their LHCS D school of choice. At each site, there is a new sense of pride and feeling of connection. Many new friendships have developed within our school communities resulting in a collaborative, inclusive environment throughout the District.

We are very proud to report, “The results are in, and our LHCS D family has much to celebrate.” Since the beginning of school in August, we have had increased enrollment. We have seen a reduction in the number of students suspended and have had a positive trend in daily attendance. We have seen improvements in State Math, English and Physical Fitness assessments. LHCS D successes are being noticed and recognized throughout Orange County and beyond. Researchers have called us a “District on the Move.”

Arbolita School was named an “Exemplary Art Education School” by the State of California. This distinction went to 13 schools throughout the state, with Arbolita Elementary School as the only one awarded in Orange County.

2019-2020 is now the fourth “R” – Results. Measure O provided LHCS D with the funding needed to continue with the modernization efforts at Walnut School. Funds were used to refurbish school playgrounds and install beautiful fencing at each of our sites. This has increased the safety of our students and staff. We also implemented an easy-to-use online registration system, which saved our parents and staff valuable time and energy. We will continue to work with teachers, consultants, and academic coaches to improve daily lessons with the goal of ensuring all students are college and career ready.

As we begin the New Year, we are grateful to have the opportunity to serve the students and families in our community. Together, as a “District on the Move,” we will continue to create an enriching environment where students thrive.

**Sheryl Tecker**  
*Assistant Superintendent*

### i-Ready

You may have heard your student talk about “i-Ready” and are wondering what it is. I-Ready is a “Universal Screener” and “Diagnostic” assessment. All K-8 students take this assessment in Reading and Mathematics two to three times per year. Students are currently taking i-Ready for the second time this year. Teachers and administrators use i-Ready results to diagnose individual learning needs,

observe growth over time, and predict proficiency on state assessments.

i-Ready also provides online instruction. Students are assigned online instruction based on their results that meet them where they are and allows them to work independently on their personalized goals. The i-Ready online instruction efficiently targets skill gaps to help students who are behind access grade-level content, and provides challenge and enrichment for students who are ready. Students can access i-Ready online instruction both at school and at home.

Once all students complete their January i-Ready assessment, teachers and administrators will look at their Reading and Math growth data to determine next steps.

Opinions expressed by contributing writers and guest columnists are their views and not necessarily those of *School News Roll Call*. This publication is privately owned and the right is reserved to select and edit content. This publication is paid for through advertisements at no cost to the school district. The La Habra City School District does not endorse the advertisers in this publication.

We are celebrating 20 years publishing *School News* and six of those years have included the La Habra City School District.

During the 20 years curriculum has changed in ways never imagined with the biggest change being technology. Gone are the blackboards, white chalk and erasers. Mentioning the 3 R's would bring a puzzled look and might be mistaken for Reduce, Recycle, Reuse. Discussing STEAM with anyone older than 60 would conjure up images of a train or an iron, but the younger generation would instantly visualize test tubes and robotics. We have changed the format of most of our

publications to glossy cover booklet, but our mission never changes: Education+Communication=A Better Nation. The one constant has been the focus on academics. It is a privilege to publish the excellence from the classrooms. Thank you for continuing to enjoy *School News*.

Our next issue is April 8, 2020.

## PROUD TO BE A LA HABRA CITY SCHOOL DISTRICT PARENT!

Dear "Parent",

I'm Ray Fernandez & my wife Krista and I own a home in La Habra. We have 3 kids, Reagan, Grayson and Logan, plus a dog named Getzy. We love our fun & safe, family neighborhood with its great public schools.

**As the top performing Realtor® in La Habra and La Habra Heights for 2018 – 2019\***, I work closely with people every day, buying & selling local homes. Since I own a home in the market I serve, the success of the nearby real estate market directly affects the value of our neighborhood as well as yours. Simply put, what matters to you, matters to me! If you're considering selling your home I would encourage you to call me to discuss your real estate needs!

From our family to yours, Ray Fernandez

## Raising a Heart Healthy Family

**David Chun, M.D.,**  
Pediatric  
Cardiologist  
MemorialCare  
Miller Children's &  
Women's Hospital  
Long Beach

Making time to raise a heart healthy family can seem overwhelming, but a few simple lifestyle changes can help keep the entire family's hearts in the best shape. With childhood obesity rates higher than ever, it's important to encourage your children to live a heart healthy lifestyle to improve their overall health and decrease their risk for heart disease, high blood pressure and obesity later in life.

Tips to keep a healthy heart top of mind for your family:

- Encourage children to join in on planning and preparing meals to create fun, creative, heart healthy snack/meal ideas.
- Choose lean proteins such as skinless chicken, turkey or fish, and try incorporating plant sources of protein, such as beans, lentils, soy beans or tofu.

- Limit sugary sodas, juices and sports drinks.
- Keep a family calendar to plan out the week's family activities and plan for active weekends at the local park or beach and play active games.
- Encourage healthy eating and exercise habits for non-aesthetic reasons, such as overall physical, mental and emotional well-being.

When your infant, child or teenager is diagnosed with a heart condition, he or she will require specialized, cardiac care to meet his or her individual needs. The Children's Heart Institute at MemorialCare Miller Children's & Women's Hospital Long Beach is one of the few programs in the region that provides comprehensive cardiac care for children throughout adulthood.

For more information about the growing Children's Heart Institute, visit [millerchildrens.org/GrowingHearts](http://millerchildrens.org/GrowingHearts) or call 800-MEMORIAL.

2801 Atlantic Ave., Long Beach, CA 90806  
800-MEMORIAL • [millerchildrens.org/GrowingHearts](http://millerchildrens.org/GrowingHearts)

**Hudson, 5-months-old,**  
Children's Heart  
Institute Patient

Our specialty:

**Cardiac  
Intensive Care**

Hudson's specialty:

**Growing as Big  
as an Elephant**

At 1-week-old, Hudson's pediatrician detected a heart murmur and referred him to MemorialCare Miller Children's & Women's Hospital Long Beach, where he was diagnosed with a ventricular septal defect, a hole between the heart's chambers. As Hudson grew, the hole also grew and Dr. Shaun Setty performed open-heart surgery to patch the hole. After receiving specialized care in the new Cardiothoracic Intensive Care Unit under the guidance of Dr. Constantinos Chrysostomou, Hudson is growing as big as a mighty elephant.

## Arbolita (TK—6) Visual & Performing Arts

1001 E. Brookdale Ave., La Habra, CA 90631 • 562/690-2352 • www.lahabraschools.org

**Jennifer McCully Rodriguez**  
Principal

### New Year, New Happenings

Arbolita Visual and Performing Arts Academy has some fabulous news to share for the New Year! Recently, Arbolita was recognized as a 2020 Exemplary Arts in Education Award winner from the California Department of Education! This prestigious award was earned after just

one and half years as an arts elementary school. Arbolita is the ONLY school in Orange County to receive this recognition and one of only thirteen in the state of California. In order to qualify for the award, schools must show growth in at least one area on the California School Dashboard, as well as offering instruction to all students in a minimum of the five arts disciplines identified in the Arts Standards: Dance, Media Arts, Music, Theatre, and Visual Arts. We are so proud to be providing instruction in all areas! We will continue to expand and grow our program throughout this year and future years. We have only just begun!

**Fourth Graders share their New Year's Resolutions through their 2020 glasses.**

Looking ahead in 2020, we will be holding piano family nights for our second through fourth graders, performing our Disney Musicals in Schools production of The Lion King, and sending our sixth graders to Outdoor Science School. This is in addition to our rigorous daily instruction in all content areas! We will hold our Second Annual Arbolita Arts Festival on May 15 to highlight all of the hard work our students, staff, and families have done throughout the year!

## El Cerrito (TK—6) Computer Science Magnet School

1051 N. Hillside, La Habra, CA 90631 • 562/690-2340 • www.lahabraschools.org

**Emily Flesher**  
Principal

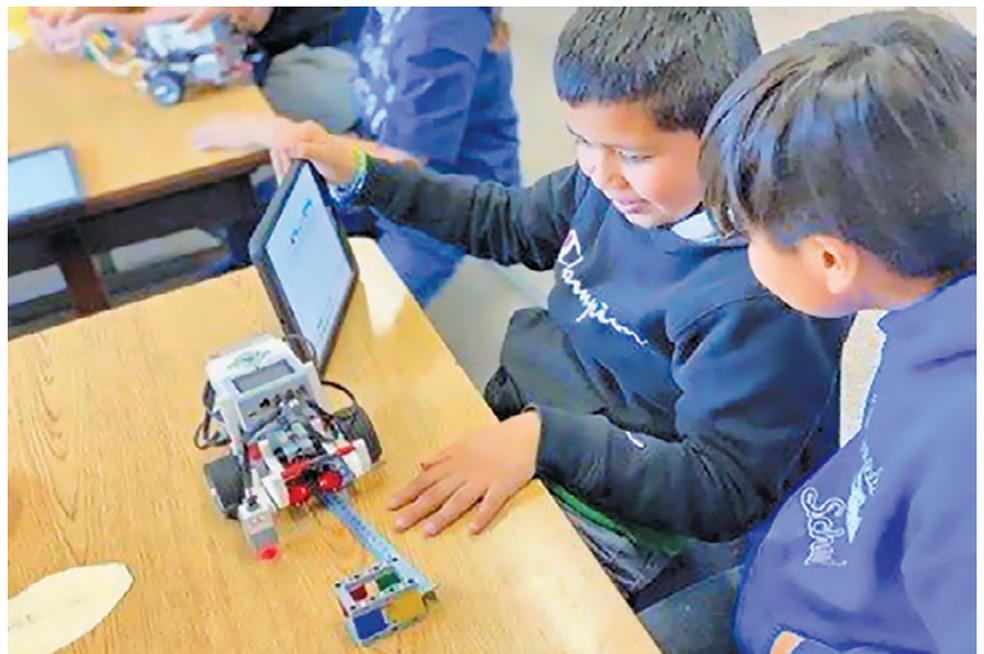

### A Computer Science Magnet School

As we progress into the new year, students are now well into our second module of computer science instruction. Our TK-1st

grade students are creating projects that allow them to apply the logic of Computer Science such as loops and sequences using physical blocks. Our 2nd-6th grade students are applying their understanding of the logic of Computer Science to robotics. They are learning how to build and program models, and are making different robots interact with one another.

We are continuing our journey to provide all students the skills necessary to be successful in the future. It is evident many of our students have already become successful Computer Scientists!

Pictured are students coding their robots in preparation for our next "Epic Build Showcase". Join us for our next Showcase and Robot Rally on Wednesday, February 12th at 8:45am.

## Imperial (6—8) International Baccalaureate

1450 S. Schoolwood Dr., La Habra, CA 90631 • 562/690-2344 • www.lahabraschools.org

**Cathy Seighman**  
Principal

### International Baccalaureate (IB)

As we head into the New Year, we are actively engaged in the candidacy phase of becoming an authorized International Baccalaureate (IB) School. What makes the IB program powerful is its academic and personal rigor, which continues

to strengthen and extend the tradition Imperial has of challenging all students to excel through our continuing commitment to the visual and performing arts. Coupling the IB philosophy with the arts creates a school site that has the power to affect all students and our community positively.

The IB program focuses learning on making real world connections that engage and empower our students to grow into life-long learners. The IB student profile aims to develop learners who are Inquirers, Knowledgeable, Thinkers, Communicators,

Principled, Open-Minded, Caring, Risk-takers, Balanced, and Reflective.

Through our rigorous program, students will develop intercultural understanding to help develop a better world and deeper understanding of self. Together we succeed!

## Las Lomas (TK—6) Entrepreneur Exploration

301 Las Lomas Dr., La Habra, CA 90631 • 562/690-2353 • www.lahabraschools.org

**Pam Cunningham**  
Principal

### A New Year of Learning and Growing!

As the students and staff at Las Lomas begin the new year, you cannot help but feel the excitement! With a new year comes time to reflect on what has happened so far and look forward with anticipation for what is to come. January has brought the students and staff of Las Lomas back to school excited and ready for a brand new year! The teachers are busy designing and planning

standards based lessons that will engage and stretch their students' creativity, critical thinking, communication, and collaboration skills in everything they are learning. During the first part of the school year, our teachers learned a little more about what it means to have an Entrepreneur Exploration focus and how Deep Learning and the Design Thinking Model will provide our students with a solution-based approach to solving real world problems

by developing the six global competencies needed to be successful citizens. Our third grade students were able to learn what it means to be global citizens and raise money to help children in need around the world by sending care boxes to over 150 children. The fifth grade students learned how to research, create, barter and trade goods in an open-air market during their social studies unit. As the year goes on the teachers will continue to design lessons that incorporate these deep learning experiences to build the students deeper understanding of the curriculum and world around them. As the year progresses we will continue to extend our students' critical thinking, creativity, communication, and collaboration skills with our after school Robotics program. This program allows the students to learn the STEM concepts while learning how science, engineering, math, and technology work together and interact. We are looking forward to continuing to stretch our students' thinking and learning!

## Ladera Palma (TK—6) Dual Immersion Academy

2151 E. Brookdale Ave., La Habra, CA 90631 • 562/690-2348 • www.lahabraschools.org

**Dr. Rosa Murillo**  
Principal

### Off to a Great Start!

Ladera Palma's Dual Immersion Academy welcomes this New Year as a chance to reflect and celebrate our school community and its accomplishments.

Our amazing Dual Immersion Program continues to offer two languages for students in grades TK to 5th! Being a Dual Immersion site offers our students and staff an opportunity to be immersed in a supportive bilingual environment that recognizes the additive power of multilingualism. There is much learning and celebrating as our youngest and oldest children constantly surprise us with their bilingualism, bi-literacy and cross-cultural competencies. Our staff has continued to participate in presenting at statewide conferences.

Our family and community support, led by Mrs. Jarrin and our PTA parents, has organized fabulous community events such as our Annual Día de los Muertos Festival, our Community Clothing Exchange and our Family Fun Night. And this is only in the first part of the school year!!

We are confident we will continue to celebrate, reflect, and grow as a team and a school family. Here's to fabulous 2020!

## Las Positas (TK—5) International Baccalaureate

1400 S. Schoolwood Dr., La Habra, CA 90631 • 562/690-2356 • www.lahabraschools.org

**Sharon Hensley**  
Principal

### New Year New Beginnings!

Our 2019 - 2020 school year is filled with exciting opportunities for student learning and growth! Las Positas Elementary School (grades TK - 5) is in our second year as an International Baccalaureate (IB) Primary Years Programme (PYP) Candidate School. The level of inquiry among all students is exceptionally high and students are becoming lifelong, deep learners. Students are understanding their learning with a global perspective. Student learning in the IB PYP is thematic based and each grade level collaborates to incorporate the IB PYP philosophy, standards and themes throughout the curriculum. All students participate in IB Spanish, IB Art, and IB Personal Social Physical Education weekly. We

love our families and work in collaboration to benefit each child's social, emotional and academic learning. Families are invited to learn about the IB Primary Years Programme through our monthly Coffee, Tea, and PYP meetings with the principal, our bimonthly IB Family Information Night events, PTA meetings and school tours.

In addition, our "New Year, New Beginning" for 2019 - 2020, brings social/emotional learning to the forefront with our revised Multi-Tiered System of Support (MTSS). We have an outstanding counseling intern and MTSS Teacher on Special Assignment who support student well-being along with our entire staff.

The Las Positas community is making a difference with all students everyday with our IB PYP, MTSS programs and our genuine care and concern for all students. #youmatter Please call 562.690.2356 to schedule a tour to witness firsthand the amazing happenings at Las Positas!

# Sierra Vista (TK—6) No Excuses University/Music

1800 E. Whittier Ave., La Habra, CA 90631 • 562/690-2359 • www.lahabraschools.org

**Anna Dorado**  
Principal

## A No Excuses Approach

Sierra Vista teachers have committed to a cycle of inquiry that revolves around our school focus of literacy, specifically in the area of reading comprehension and how to support students in being able to closely read while analyzing and citing text.

This time intensive task begins by teachers working to gather information

and data on their students in order to analyze and determine what we are trying to accomplish based on where our students needs are. Then teachers take time to collaborate and design lessons which provide students with the most rigorous and innovative opportunities that will support our school's focus. Here at Sierra Vista, this is where our teachers take a no excuses approach in setting high expectations for ALL of our students while also incorporating ways in which to support our students and their varying needs.

As teachers implement these lessons in the classroom, they also gather data to further refine their future lessons and student tasks. The refinement process of lesson study is done in a collaborative manner, with teachers working

side by side to deepen their understanding and to reflect and synthesize on what was learned.

This cycle will not only allow our teachers to further develop their understanding of our school focus but will allow our students reading achievement to soar to the levels we strive for!

# GET IN. GET OUT. GET BETTER.

We're close by, offer online booking, and accept walk-ins. That's urgent care, as it should be.

## Walnut (TK—6) STEAM Academy/AVID

625 N. Walnut St., La Habra, CA 90631 • 562/690-2369 • www.lahabraschools.org

**Dr. Alma Noche**  
Principal

### New Year, New Happenings

Walnut STEAM Academy believes we need to help all students in academics as well as becoming outstanding global citizens. New approaches to discipline and behavior have been established due to this belief. Students are encouraged every day to show kindness through their actions and with their words to make everyone feel loved and cared for.

Upper grade students collaborate with primary classrooms to read to them, play games with them, and sometimes just to talk to them. Walnut's student government also encouraged other students to be aware of their effect on their community by having a can food and toy drive during the holidays. Students are rewarded for their effort with public school recognition announcements, with "Caught Being Kind" cards, small prizes, and school celebrations.

## Washington (7-8) Project Lead the Way/STEM/Music

716 E. La Habra Blvd., La Habra, CA 90631 • 562/960-2374 • www.lahabraschools.org

**Dr. Edward Resnick**  
Principal

### Full STEAM Ahead

The Washington Middle School (WMS) staff is pleased to announce our commitment to Science Technology Engineering Arts Mathematics (STEAM). This year our students have a wide selection of elective courses, which include automation, robotics, design/modeling, coding, computer science, and performing arts. The WMS Project Lead the Way (PLTW) courses provide students an opportunity to design, build, and program robots and machines to accomplish multiple tasks. Furthermore, WMS is partnering with Code to the Future to offer students coding classes that support our math curriculum. Beyond our technology courses, we are truly excited to offer students a well-rounded Visual and Performing Arts Program at WMS.

Students have an opportunity to take courses in visual/fine arts, theater, choir, and band. Our visual art students are studying famous artists from around the world and practicing the skills and techniques that correspond with the California Arts Standards. This year, WMS proudly staged our second theatrical production and first musical, "Mariachi Girl." The WMS Choir performed in the annual Choir Festival and is looking forward to their spring performance at Knott's Berry Farm's Concerts in the Park.

Thanks to the dedication and determination of the La Habra City School District Governing Board and Administration, we are pleased to announce the return of WMS Patriot Band. The Patriot Band is thirty-one students strong. Even though many of our students are beginning band students, they have already performed at the WMS Fall Festival and at their first Winter Concert last December. Washington Middle School is moving "Full STEAM Ahead" to better prepare our students for high school, college, and future careers.
