VOLUME 4, ISSUE 12

APRIL 2018

Fostering a Safe and Healthy School Climate – Emotionally and Physically

Dr. Joanne Culverhouse
Superintendent

Fostering a safe and healthy school climate begins with physically securing the safety of all students.

All schools need to create safe on-campus spaces in classrooms, hallways, lunch and outdoor areas by providing supervision and communicating clearly to students regarding rules and regulations pertaining to safety. Schools also need to make sure students get home safely, whether it is on the bus or through carpool pickup. Tight, carefully coordinated and practiced systems need to be in place for this to happen smoothly. Communication to parents about safety procedures and protocols

lets families know that the school genuinely cares about and values the physical safety of our students.

The second element of a safe and healthy school climate involves emotional safety. Students need to feel they are in an environment that nurtures and preserves relationships among students and with teachers and staff. Every child in a school should have at least one adult with whom he or she feels a connection, or the ability to reach out to in a time of need. This adult can be a teacher, staff member or coach, but the school has a responsibility and obligation to systematically make sure that each child feels that connection, something beyond relationships with his or her peers. Schools need to communicate the importance of that relationship to students and families.

#SeeHearSay
If you see or hear something, Say something.

SEE SOMETHING HEAR SOMETHING SAY SOMETHING

LaHabraSchools.org #SeeHearSay

A positive school climate includes:

- Norms, values, and expectations that support people feeling socially, emotionally and physically safe
- People are engaged and respected
- Students, families, and educators work together to develop and contribute to a shared school vision
- Educators model and nurture attitudes that emphasize the benefits and satisfaction gained from learning
- Each person contributes to the operations of the school and the care of the physical environment

La Habra City School District and the Board of Education are committed to fostering a safe and healthy school climate at each of our nine schools and we will continue to collaborate with our PTA's, Law Enforcement, and the countless resources we have within our caring community. We are "Stronger Together" as #1Team1Vision.

Safety Utmost Importance

School safety is a very important topic and of utmost importance to Arbolita School Staff and students. We daily secure our students' physical safety by working collaboratively with our custodial staff to ensure the campus is clean and clear of any hazards. Additionally, our school daily reviews our Code of Conduct. Students are reminded to Be Respectful, Be Responsible and to Be Safe! We stress the importance of making safe choices at school and students are rewarded for their efforts. We also work hard to support a very positive and nurturing school culture that further supports our students' emotional and social well-being.

Our students are positively reinforced or redirected based on their behavior choices. Students are able to work collaboratively and communicate positively on a daily basis with each other as well. Students are greeted every day with a smile and our staff strives to connect with each child daily to ensure their well-being. We greet children by their names and inquire about how they are feeling and what we can do to help. Additionally, our Community Liaison and School Psychologist work together in conjunction with the staff to identify and care for students and their families with greater needs by providing additional support at school or referrals to community resources.

At Arbolita we realize that to educate effectively, we need to ensure that the whole child is feeling nurtured and secure. We strive daily to guarantee this!

Las Lomas *Elementary*

301 Las Lomas Dr., La Habra, CA 90631 • 562/690-2353 • <http://www.lahabraschools.org>

Pam Cunningham
Principal

Building a Safe, Healthy Environment for Our Students

The health, safety and well-being of the students at Las Lomas is the number one priority for all of our staff members. There are multiple systems and programs in place to ensure that every child's needs are being met on a daily basis. Strict volunteer and visitation procedures are in place and enforced to ensure that all students and adults are safe throughout the school day. Every parent volunteer and visitor on campus is required to come through the main office and follow the procedures: Complete a Volunteer Liability and Confidentiality Statement. Sign in and out on the volunteer log and receive a yellow visitors badge from the office staff.

Our PBIS – Positive Behavior Intervention and Support system provides our students with the structure of knowing that they will be able to learn in an environment where everyone shows responsibility, respect and safety in all areas of the school campus. Our Code of Conduct is taught and reviewed with the students by all staff members on a regular basis to ensure that high standards for student behavior is in place so our students can learn in a safe and happy environment. In addition, we have regularly scheduled fire, earthquake and lock down/intruder drills so our staff and students will be well prepared in the event of an emergency.

Our ongoing partnership with St. Jude Medical and the Orange County Department of Education helps us keep our students health and well-being in the forefront of our instructional planning. On a weekly basis students go to the Kid Fit Center and receive Physical Education instruction from highly qualified PE teachers and Instructional Assistants. These weekly activities are teaching our students the life-long skill of staying physically active and at the same time increasing their focus and motivation during classroom instruction. Teachers are also providing nutrition education in their classrooms with Dairy Council materials and cooking activities with our well equip cooking carts.

With the ongoing support and dedication of the Las Lomas staff, we will continue to provide our students with a safe, healthy environment for learning.

Imperial *Middle School*

1450 S. Schoolwood Dr., La Habra, CA 90631 • 562/690-2344 • <http://www.lahabraschools.org>

Cathy Seighman
Principal

Fitness Zone

It is an exciting time for Imperial Middle School and the City of La Habra as installation of our new fitness equipment has just been completed. La Habra City School District, in partnership with St. Jude Hospital, have joined forces to combat obesity and strengthen fitness of the youth in La Habra. With a grant from St. Jude Hospital, Imperial Middle School was provided a 7-station workout area from Greenfields Outdoor Fitness. The Imperial Fitness Zone consists of back and arm machines, a vertical leg press, lat pull down, chest press, incline sit-up bench and a lower body combo machine. Physical Education teachers at Imperial Middle School are excited to add the outdoor fitness zone to their curriculum. Even more exciting is the fact that when school is not in session, the Imperial Fitness Zone is open to the community for use. Imperial Middle School and the La Habra City School District in partnership with St. Jude, are devoted to improving the health and wellness of our students, families and the community of La Habra.

Ladera Palma *Elementary*

2151 E. Brookdale Ave., La Habra, CA 90631 • 562/690-2348 • <http://www.lahabraschools.org>

Jennifer McCully Rodriguez
Principal

Educating the Whole Child

Student wellness is a strong component of the education program at Ladera Palma. Our Scholars participate in physical activity regularly, both in Physical Education with fully credentialed Physical Education Teachers and in our state of the art Fit Kid Center with classroom teachers. In addition to our strong program during the instructional day, our teachers have also developed a Running Club program to promote wellness and fitness after school. Our teachers including, Mrs. Evans, Ms. Goellrich, and Ms. Hensen lead over 60 Scholars in the Ladera Palma after school Running Club. The experience will culminate in these students participating in the La Habra 5K on March 10! Ladera Palma students will also participate in our annual Jog-a-Thon on March 15, which this year will include a fun and engaging color run component. At Ladera Palma, we believe strongly in educating the "whole child." In order to accomplish this, we provide a well-rounded instructional program that promotes academic, social, and physical development!

El Cerrito *Elementary*

1051 N. Hillside, La Habra, CA 90631 • 562/690-2340 • <http://www.lahabraschools.org>

Emily Szary
Principal

The Journey of a Safe, Successful Scottie

“A journey of a thousand miles must begin with a single step.” This Chinese Proverb sums up most days for the Scotties at El Cerrito.

While paving the road by providing students with essential skills and innovative abilities necessary for college and career readiness, we are also preparing students for everyday life experiences. Through the implementation of a school-wide positive behavior intervention and support system, our students are learning to be respectful, responsible, and safe individuals.

With that also comes discussion about health, wellness, and safety. All students engage in whole class and small group physical education to promote the importance of a healthy and fit lifestyle. Staff and students also participate in regular drills to ensure protocols are in place in the event of an emergency.

At El Cerrito, we focus on the future success of our students. Our safe and supportive environment engenders student confidence and competence on the road to college and career readiness.

PROUD TO BE A LA HABRA CITY SCHOOL DISTRICT PARENT!

Dear “Parent”,

I’m Ray Fernandez & my wife Krista and I own a home in La Habra. We have 3 kids, Reagan, Grayson and Logan, plus a dog named Getzy. We love our fun & safe, family neighborhood with its great public schools.

As the top performing Realtor® in La Habra and La Habra Heights for 2017 – 2018*, I work closely with people every day, buying & selling local homes. Since I own a home in the market I serve, the success of the nearby real estate market directly affects the value of our neighborhood as well as yours. Simply put, what matters to you, matters to me! If you’re considering selling your home I would encourage you to call me to discuss your real estate needs

From our family to yours, Ray Fernandez

Las Positas *Elementary*

1400 S. Schoolwood Dr., La Habra, CA 90631 • 562/690-2356 • <http://www.lahabraschools.org>

Sharon Hensley
Principal

Growing Healthy Leaders!

Las Positas embraces health and wellness through meeting the social, emotional, physical and academic needs of all children. Many of our students serve as Ambassadors and are truly becoming school leaders. Students serve as peer tutors and peer buddies, they organize clubs and understand their voices are important to all staff at Las Positas. We know students need to be empowered to grow socially and emotionally, we are committed to growing leaders and listening to all students. We recognize student health involves the whole school community working together to provide opportunities for all students.

Our students are involved in a comprehensive physical education program provided by an outstanding physical education team. The Harvest of the Month program, provided by the Orange County Department of Education Health Services, brings different fruits monthly for our students to try. Our parents have been involved in a series of Nutrition classes and are now planning a new walking club. Parents will be walking with their children before school.

To provide added academic support for our students, our Las Positas Academy offers before and after school classes for all students. Our computer labs are open every morning from 7:00 AM, with teacher support and guidance in completing homework, practicing ST math and other supplemental computer programs. After school support classes include: reading and math support. At Las Positas safety is our number one priority for our students and staff. All students need to feel safe at school in order to learn and grow socially, emotionally and academically. We believe in our students and our goal at Las Positas is to provide a safe learning environment embracing the needs of all children. We are growing leaders for our future!

Walnut *Elementary*

625 N. Walnut St., La Habra, CA 90631 • 562/690-2369 • <http://www.lahabraschools.org>

Susan Goellrich
Principal

Safety a Priority

Ensuring that Walnut students come to school in a safe and healthy climate is a priority for all staff members. A healthy school climate is one in which the school setting supports students' health and well-being and helps them build a strong foundation for learning. In this environment, good nutrition, physical activity, basic safety, clean air and water, access to care, and education about making healthy choices allow students to thrive. Through the benefit of a United Way Grant, Walnut students have numerous opportunities to learn about a healthy

well-being including physical education classes, wellness activities to learn about how to live a healthy lifestyle, weekly lessons discussing positive actions and self-concept, and instruction to learn how to be safe at school whether on the playground or in the classroom. Parents play a strong part in helping to ensure a safe and healthy school climate. Come join us to learn more.

Sierra Vista *Elementary*

1800 E. Whittier Ave., La Habra, CA 90631 • 562/690-2359 • <http://www.lahabraschools.org>

Anna Dorado
Principal

Sierra Vista Creates Healthy Learners

At Sierra Vista School, our priority is the safety, well being, and healthy nature of our students- because when students are surrounded by an environment that advocates all aspects of wellness- physically, emotionally and mentally- they can achieve greater academics.

We begin by creating a positive, nurturing, and character driven environment where we specifically teach students the expectations and routines that will keep them physically and emotionally safe. We then review, reteach and reward throughout the school year to ensure that our campus remains best prepared for today, tomorrow and for the future!

A typical day at Sierra Vista may start with a safety tip in our morning announcements, positive recognition slips given at recess for picking up trash, teachers taking time to help students problem solve playground topics, an aide promoting healthy snacks at recess, student council reps promoting a coin collection to assist those affected by Hurricane Harvey in Texas, our school psychologist running social skills groups on campus, an earthquake drill, or a PE class running timed meter drills. No matter where you turn, students and adults are working to create an environment in which ALL can feel safe and be healthy. Our goal is for students to feel safe to take risks in their learning, safe to walk down the hallways, and safe to dream about their future and what many opportunities lie before our students.

The expectation is that our students and staff make NO EXCUSES in making this happen. We realize that it takes the ENTIRE learning community- students, teachers, staff, and parents to make this environment a reality. We are committed to making safety and wellness a priority on our campus and are constantly looking for ways to refine and better our practices. With the input of staff, students, and parents, we can make Sierra Vista School a safe place of learning!

Washington *Middle School*

716 E. La Habra Blvd., La Habra, CA 90631 • 562/960-2374 • <http://www.lahabraschools.org>

Kidz Rock

Dr. George Lopez
Principal

Washington Middle School believes in fostering a safe and healthy school climate. We achieve this through many programs on and off campus. One program in particular is our Positive Behavior Intervention Supports (PBIS). PBIS is a system in which adults on campus believe in the importance of acknowledging and celebrating the positives in each of our students. Our students play an integral part of keeping our school climate positive by spreading kindness through our “Kindness Month” or helping children with Leukemia through

“Pennies for Patients.” Our school counselor and school psychologist seek grants to provide students with an alternative support way of learning. They were awarded a grant that allows students to participate in an off campus program called “Kidz Rock.” Last, our parents play an important part in fostering a safe and healthy school climate. With the power of many: parents, teachers, support staff, students, and community partners, we can all work together to keep Washington Middle School positive in supporting all our students.

Isabella's Book Review

Entertaining and Informative

Isabella A.

Anastasia, The Last Grand Duchess, Russia, 1914, by Carolyn Meyer is the diary of a 13-year-old Russian Duchess.

Anastasia the youngest of the 4 daughters of the Russian Tsar, Nicholas II and Alexandra Feodora.

Life was perfect. The sisters wore expensive jewelry and they lived in many palaces. The only downside for Anastasia was her school work and her brother's hemophilia.

In the winters, they got to play in the snow and had dances. Then, WW1 breaks out. Under pressure, the Tsar abdicated the throne and the family was arrested. While imprisoned in the palace they attempted to stay happy and even continue their studies.

However, the family is executed. It is commonly believed that Anastasia escaped. Scientist have been able to prove Alexie and either Marie or Anastasia might have escaped.

I rate this book 4 stars because it is entertaining and informative, yet it can be rude.

Isabella is a 6th grader who loves to read, write, volleyball and plans on becoming an author of children's books. She rates books 1-5 stars with 5 being the best.

Alana's Book Review

Consumed by Deception?

Alana F.

In a world divided by power and status, it takes everything that Mare Barrow's got to stay alive. But when she discovers a strange, otherworldly power she never knew she had, her chances of survival suddenly seem much slimmer. Battling heated emotions, twisted morals, and chaos, Mare fights to save herself and her people in an uphill battle. Will she stand against injustice, or will she be consumed by deception?

Although I loved this book, I'd have to give it only four out of eight triforce shards. The excitement, when present, was hardly noticeable- all of the politics and social issues were generic and dull. However, I'd attribute most of my disappointment to a low amount of challenges for Mare and an unnecessarily slow pace. Throughout the book, Mare tends to use deception as a first resort for solving problems, therefore not making herself seem like a strong female lead.

Alana is a student columnist and a self-proclaimed "huge nerd". When she doesn't have a book in her hands, she loves to play video games and write fiction. She rates books on a scale of 1-8 triforce shards with 8 being the highest

Lucy's Book Review

In 27 Days

Lucy Davis

Author: Alison Gervias

Twenty-seven days is a very specific amount of time, but if you're trying to prevent a suicide it's nothing short of a race against the force itself.

Hadley Jamison never really knew Archer Morales, but she made a deal with Death that if he gave her twenty-seven days, she could stop Archer from taking his own life. So, she tries her best to befriend the closed off, quiet kid from freshman English. He doesn't seem to want her help, but their jobs at a coffeehouse and tutoring sessions bring them closer together, and soon they're becoming quite the pair.

Problem is, chaos wants to pull them apart. With events endangering the people that she loves, will Hadley succeed in keeping Archer alive? Or will she run out of time?

I enjoyed this book immensely for many reasons. It's funny, suspenseful, thoughtful, and all around a great read. Five out of five bookworms.

Lucy is a 6th grade student. When she isn't immersed in a book, she loves musical theater, ballet, and singing. She enjoys stretching her imagination by writing short stories of her own. Lucy will rate the books 1 to 5 bookworms with 5 being the best.

Rabina's Review

An Impactful Book

Rabina K.

The Old Man and the Sea

By Ernest Hemingway

This book is a literary fiction, a story of courage and personal triumph won from loss. The story is tragic but it leaves the reader to appreciate the strength of the main character and his positive approach towards life.

Down on his luck with not much caught in 84 days, Santiago, an old Cuban fisherman, goes to try again in deep sea. He got lucky to have caught a giant marlin far out in the Gulf stream. He faces relentless agonizing battle with this creature who is as stubborn as he is. Though he succeeds in catching this big fish but the bad luck does shadow his efforts, and eventually the fisherman does not get to enjoy his reward.

I think this book speaks to the reader and teaches the reader that hard work does not always lead to rewards. Instead of getting frustrated from unsuccessful events, one should accept it positively and keep working towards one's goal.

Rabina is a 5th grader, who enjoys reading historical fiction and biographies. Writing is her passion. Besides, reading books and writing, she also enjoys playing soccer and piano.

Unforgettable Books

The Baby-Sitters Club

Sofia Atoofi

Author: Gale Galligan

Dawn Schafer is moving from sunny California freezing Connecticut. She eager to accept her first big job as babysitter in the Baby-Sitters Club. things don't go exactly as expected.

Taking care of three kids whose mom seems too busy to even

to is a But

care about is a hard task. And getting along with the leader of the club, Kristy, isn't as easy as it looks, either. But Dawn finds a way to steer through all these obstacles and makes joining the Baby-Sitters Club a success.

I really liked this novel because it teaches you about responsibility yet in a fun and interesting way. I rate this comic book 4 out of 5 stars, because the drawings were very detailed and funny.

Sofia is a fifth grader who loves writing. When she isn't submerged into a book, she enjoys doing gymnastics, acting, and singing. Her favorite kind of books are informational books, as she loves learning about new topics. She wants to become a writer or designer when she grows up, and hopes to someday publish a book, called *Painting a Path*, which she wrote for a school competition.

Surprising Twists

Bailey

Princess Academy by Shannon Hale left me craving for more. It's the perfect combination of adventure, princesses, friendship, and even a little romance!

When the people of Mount Eskel receive message from the lowlanders saying their prince is looking for a princess and all young girls will be sent to an academy, everyone is in shock, especially Miri. Without a choice, Miri, her friends, and a strange lowlander girl named Britta, set off to the academy, only to find themselves with a horrible tutor and homesick. Now, the pressure is on to be the best of the academy and marry the prince. Will Miri find out that even though she's small for her age, her voice is big? Will she stand up for what's right?

I couldn't put this book down! Shannon Hale always describes the moment just right and the twists were surprising! I give this book 5 out of 5 stars. Don't forget to read the rest of the series!

Bailey is a 6th grader that likes to read fantasy and daydream about adventure when she isn't dancing ballet or playing with her friends and siblings.

Sophie's Choice

An Adventure!

Sophie O.

This new book really takes you on an adventure. I'm not kidding, it's an adventure book!! Now on to the info or quick summary of the *Mysteries of the Attic Trunk*.

The book is about a girl named Sue who was adopted from China and had hoped to explore California with her grandmother. Her grandmother ends up getting sick and is unable to come and take Sue on their California Adventure.

For Sue's 10 birthday, she gets to open a trunk that her grandmother left her. The trunk is no ordinary trunk. Once opened, it takes Sue on unexpected adventures to California, visiting historical or famous places. During her travels, Sue learns new things and visits new places. A little bit of history is at every stop and the excitement of never knowing where the trunk will take her next and who she will meet keeps the journey a mystery.

If you like mystery then this is a good book for you to read to yourself or others. I give this book a big thumbs up and 5 stars.

Sophie Olko is a 5th grader who loves to read and write her own stories. She enjoys soccer, loves to bake, act, draw and sew. One day she would like to have her own baking show.

Katie's Review

Reading Can Be Fun

Katie C.

By Munro Leaf
This book is for anyone, old or young. This book is about why reading can be fun! It talks about how many of you may think that reading is boring. But then this book talks about without reading, your mind won't grow. Reading can take you places that you've never

Jenna's Review

The Best Part of the Day

Jenna C.

By Sarah Ban Breathnach

This book talks about the best part of the day by season. What is the best part of the day in fall? Was it picking the apples or raking the leaves? What about winter? Was it building a snowman or staying near the fireplace with marshmallows and cocoa? Now spring has arrived with fresh air and plenty of flowers. What is the best part of the day in spring? Was it taking care of the garden or cuddling lambs? Finally, the summer. Lemonade and a jump into the pool. What is the best part of the summer? Was it the fireflies flickering all the way home or was it our picnic together with friends? Lastly, this book concludes with one best part of the day in all the seasons. I really liked this book because it is like a poem story and the pictures are so beautiful and detailed.

Jenna is a second grader. She likes reading books and her parents reading books to her. Besides reading, she also likes art, dance and soccer.

Keira's Book Nook

Best Night Ever or a Catastrophe?

Keira

Best. Night. Ever. By Rachele Alpine, Ronni Arno, Alison Cherry, Stephanie Faris, Jen Malone, Gail Nall and Dee Romito

This book is about school dance preparations at Lynnfield Middle School, which include a televised performance by Heart Grenade, the all-girl band recognized for winning a Battle of the Bands contest. The lead singer Carmen is stuck at a cousin's wedding while Genevieve, the backup singer, is about to faint from stage fright. Tess, Ryan and Ellie can't wait to attend, and another girl is determined to ruin it all. Finally Ashlyn, who is being forced to babysit two little girls, drags her charges to the dance. This could all lead up to the best night ever or a catastrophe!

I loved this book, because the seven authors tell their points of view based on each of their "middle grade" experience. No single story teller tells the entire story. I rate this book 4 out of 5 apples, because it does get a little confusing being written from seven points of view.

Keira F. is a sixth grader. In addition to her love of books, she enjoys art, crafts, traveling and playing with her cats. She rates books from 1 to 5 apples with 5 being the highest.

been in before--for example, an exotic jungle! More so, however, reading will teach you how to WRITE. To become a good writer, you need to read, so you can see how authors write and try it out in your own writing. So, the next time someone asks you to read, say yes. It will not only be a lot of fun, but it will also give you the experience of learning. *Reading Can Be Fun* is an amazing book that made me read more. I rate this book a five out of five stars. Go on, read it! It will be a lot of fun.

Katie is a 8th grader that loves to read and write. Fictional books are her favorite. Besides writing and reading, she loves soccer, acting, dancing, and playing the violin. She hopes to publish her own book someday.

Interesting Problematic Cycle

Christina J.

The Secrets to Ruling School (Without Even Trying)
by Neil Swaab

The story is written in third person, and plays out as smoothly as a movie. You are a new student at William H. Taft Middle School and are approached by Max Corrigan, your life coach, who will help you to become popular among the cliques at school, so you start by trying to join into the Class Clown table that won't let you in, unless you can get them a good artists for their comics, so you go to a good artist who agrees to help you, only if you get the Band geeks away from their table at the cafeteria, so she can display her graffiti on that wall, they agree to leave, but only if you help them raise money to save their Music program, so you ask a rich girl for money, she agrees to help, but only if you rig the football team to lose, so she could win a bet... and this interestingly problematic cycle continues on and on, until you reach your goal.

I really liked reading this book, so I will give it 5 out of 5 stars.

Christina J. is an 8th grader. Christina is a hard-working student who did a community service project "Quilts for the cold" last school year. She is an avid reader, who enjoys some peace and quiet with a good book about some great adventure. Christina is a young author herself. In 5th grade she wrote a book *Melody's Stories: I Am a Spy Now*, published by Studenttreasures Publishing (PIN #3582798).

A Virtual World

Katrina D.

Ready Player One by Ernest Cline is all about the OASIS, a virtual world where you can be anyone, do anything and enjoy life to the fullest. And that's pretty important, seeing as the world is currently dirt poor. Creator James Halliday however, leaves his players one last surprise on his deathbed. Located within the game are three hidden keys, and whoever can find them and unlock all three gates, will inherit both his wealth and the OASIS itself. Though for five years, no one has any luck. Only for teenager Wade Watts to find the first key. Now the world is scrambling to find the keys, especially the IOI, an internet company intent on turning the free OASIS into a playground for the rich and powerful alone. Despite the dangers, Wade and his friends continue to search for the keys, and won't stop until its GAME OVER for everyone. Thrilling and fast paced, this book is a shocking theory of what our own future as a society could look like in a few decades. A great read for lovers of 80s pop culture and gaming in general. I give this book 4 out of 5 crescent moons.

Katrina is a tenth grader who loves reading books as much as writing her own stories and enjoys watching Anime. Katrina hopes to be an author one day very soon. Katrina will rate her book reviews from 1 to 5 crescent moons with 5 being the best.

Things in the Sky - Word Search Contest

Rules! One word in the list is NOT in the word search.
When you have completed the word search, one word will be left and that word you email to: Kay@schoolnewsrollcall.com (Please put La Habra in the subject line)

Entries must be received by July 15, 2018

From the correct entries one name will be drawn to win a GAZUMP card/dice game - fun for all ages!

Parks Make Life Better!

THE LA HABRA POLICE DEPARTMENT PRESENTS

National Night Out

Tuesday, August 7, 2018

5:30 to 8:00 p.m.
Portola Park
301 S. Euclid St., La Habra, CA

National Night Out began as an annual event that has turned into a celebration across America. It is designed to strengthen community by encouraging citizens to engage in stronger relationships with each other and local law enforcement partners, with the goal of heightening crime prevention awareness, building support and participation in local anti-crime programs and enhancing community relationships. The result is a community that is a safer, better place to live and work.

FAMILY FUN FREE EVENT!
